IMPORTANT INFORMATION ABOUT THE 2009 DIRECTORY

The ***National Directory of Drug and Alcohol Abuse Treatment Programs - 2009*** is a listing of Federal, State, and local government facilities and private facilities that provide substance abuse treatment services. It includes treatment facilities that (1) are licensed, certified, or otherwise approved for inclusion in the *Directory* by their State substance abuse agencies, and (2) responded to the 2008 National Survey of Substance Abuse Treatment Services (N-SSATS). The information about each facility that appears in this *Directory* was provided by that facility in response to the 2008 N-SSATS. N-SSATS is conducted annually by the Substance Abuse and Mental Health Services Administration (SAMHSA).

The *Directory* is ordered alphabetically by State, by city within each State, and by facility name within each city. Each facility listing includes codes that represent the services offered and other features of the facility, including codes that indicate services for hearing impaired and non-English-speaking clients. Codes are defined in a key shown on the cover flaps and on pages v-vi. Because the services offered by a particular facility may change over time, it is always a good idea to verify the information in this *Directory* when contacting a facility.

The *Directory* is also available online in a searchable format with maps showing the location of each facility. Go to **http://findtreatment.samhsa.gov**. Since the online listing is updated regularly, more current information may be available there than in this *Directory*. See tab dividers for details.

NOTE TO TREATMENT FACILITIES

If your facility meets the criteria specified above for inclusion in the *Directory*, but it is not listed, you should first contact your State substance abuse agency to verify that it has reported your facility to SAMHSA as eligible for inclusion in the *Directory*. The appropriate State contact can be found at **http://wwwdasis.samhsa.gov** by first choosing the "DASIS Contacts" tab, then the "N-SSATS contacts by State" link. If State records show that your facility was reported to SAMHSA as eligible for inclusion in the *Directory*, then email or call the SAMHSA contractor, Synectics, as directed below.

The online version of the *Directory*, the **Substance Abuse Treatment Facility Locator**, is updated throughout the year. ***If you have a facility to add or changes to report for your facility, please provide complete information to Synectics by email (directory@smdi.com), by calling 703-807-2329, or by mailing to:***
