State Profile - Palau

National Survey of Substance Abuse Treatment Services (N-SSATS)

The National Survey of Substance Abuse Treatment Services (N-SSATS) is an annual survey of facilities providing substance abuse treatment, and is conducted by the Substance Abuse and Mental Health Services Administration (SAMHSA). The N-SSATS is designed to collect data on the location, characteristics, services offered, and number of clients in treatment at alcohol and drug abuse facilities (both public and private) throughout the 50 States, the District of Columbia, and other U.S. jurisdictions. For more information on N-SSATS methodology, click here.

In **Palau,** 1 substance abuse treatment facilities responded to the 2003 N-SSATS, reporting that there were 48 clients in substance abuse treatment on March 31, 2003. The survey response rate in **Palau** was 100%.
