Trinitas Hospital (Elizabeth General)	655 East Jersey Street, Elizabeth, NJ 7206	Sub-State Planning Area	\$292,113	\$0

New Jersey

URS Table Number	General Notes
6	Total Admission to Community Program during the year: at the time of URS data submission, the fourth quarter of FY2014 data was not complete. In addition, many screening centers did not submit their data. These two reasons account for the reduction of admission from 2013 to 2014.
6	The admissions to other psychiatric inpatient facilities have decreased steadily from 2013 to 2014. Additional reduction was due to the closure of one county psychiatric hospital in the FY 2014.
8	Given programmatic and operational needs in FY2014, the State decided to allocate more Mental Health Block Grant resources to direct services to clients.
9, 11, 11a, 19a	Consumer Survey Data for the adult population were collected and reported by NJ DHS DMHAS (the SMHA). Children's data are to be reported by the Division of the Children's System of Care (DCSOC). DCSOC has a delay in processing the documents for distribution.
9, 11, 11a, 19a	Number of surveys completed: At the time of the survey analysis DMHAS had received 1,071 adult surveys. Unfortunately 62 of those surveys remained unprocessed due to paper/scanner incompatibilities (e.g., poor paper quality, missing pages, and ripped questionnaires). At the time of analysis & reporting (11/21/14) 1,009 questionnaires were processed, scanned, analyzed and included in URS data tables 9, 11, 11a & 19a.
10	The SMHA does not break the amount of CMHS Block Grant Allocation to agencies by adult and children.
16	Total number of children with SED in the year of 2014 was 9,739. This number was correct. Instead, the total number of children with SED in 2013 and 2012 were incorrect. The reported number 29,923 in 2013 was obtained from a different source and the number was not in agreement with the numbers presented in URS data table 14A.
17	Although Integrated Dual Diagnoses Services continue, SMHA no longer collects these data starting in 2014.
17	SMHA-funded IMR program focused on Supportive Housing programs for FY12 and FY13, which limited the opportunity to interface with the Partial Care/Partial Hospital (PC/PH) programs and resulted in a lower number in 2013. In FY14, due to the new launch of Community Support Services (CSS) training for Supportive Housing programs, the focus was returned to the formerly IMR-trained PC/PH programs. As a result, many more PC/PH programs submitted implementation data in FY14 as compared to FY13.
