National Directory of Drug Abuse Treatment Programs

U.S. DEPARTMENT OF HEALTH, AND HUMAN SERVICES
Public Health Service
Alcohol, Drug Abuse, and Mental Health Administration

1980
To all recipients of the National Directory of Drug Abuse Treatment Programs:

The enclosed is an addendum for inclusion with your copy of the National Directory of Drug Abuse Treatment Programs which was mailed to you in July. The addendum includes General Hospitals that offer drug abuse treatment.

At this time and in lieu of a 1981 NDATUS, we are requesting that you verify the name, address and telephone number listed for your facility in the directory.

Please use the enclosed update form to report any changes. If you have recently informed us of changes, do not resubmit this information.

General inquiries concerning the directory should be addressed to Arnold Jacobson on (301) 443-6504 at NIDA. Thank you for your assistance.

The National Drug and Alcoholism Treatment Utilization Survey (NDATUS) is jointly sponsored by the National Institute on Drug Abuse (NIDA) and the National Institute on Alcohol Abuse and Alcoholism (NIAAA) in cooperation with other Federal and State agencies and local programs.

The National Directory of Drug Abuse Treatment Programs is a product of the NDATUS survey conducted in September 1980. It is intended to serve as a resource for those who seek information concerning drug abuse treatment. A similar directory concerning alcoholism treatment and services may be obtained from NIAAA.

I would like to thank all who participated in the 1980 NDATUS for their support and cooperation in producing this document.

INTRODUCTION

The National Directory of Drug Abuse Treatment Programs is a compilation of approximately 3,500 Federal, State, local, and privately funded agencies responsible for the provision of drug abuse treatment throughout the United States and its territories. The information included in this directory was extracted from the annual National Drug and Alcoholism Treatment Utilization Survey (NDATUS) conducted in September, 1980. The survey is operated by the National Institute on Drug Abuse (NIDA) and jointly sponsored by the National Institute on Alcohol Abuse and Alcoholism (NIAAA), in conjunction with the Food and Drug Administration (FDA), the National Center for Health Statistics (NCHS), the Veterans Administration (VA), State agencies, and local programs. NDATUS collects data on treatment capacity, utilization, funding, and staffing.

This directory has been prepared to serve as a resource for program managers, treatment personnel, and others interested in the location of drug abuse treatment units. The agencies in this directory are designated "drug abuse treatment unit" or "alcoholism/drug abuse treatment unit" to indicate that they service clients with drug abuse and/or alcoholism problems.

The directory consists of three sections: (1) State Agencies, (2) Drug Abuse Treatment Programs, and (3) VA Medical Centers; Drug Abuse Programs. The directory is organized alphabetically by State and within each State, the entries are alphabetical by city and then by program name within city. Each entry consists of the units' name, address, and telephone number.

Additional copies of this directory are available through the National Clearinghouse for Drug Abuse Information. A similar alcoholism directory of treatment and other alcoholism services facilities is available through the National Clearinghouse for Alcoholism Information. Corrections or new entries to this directory may be entered on the last page.
