FORWARD

The National Institute on Alcohol Abuse and Alcoholism (NIAAA) and the National Institute on Drug Abuse (NIDA) are pleased to present the 1987 National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs. The Directory is based on data obtained from the National Drug and Alcoholism Treatment Unit Survey (NDATUS), which is conducted periodically with the cooperation of the State alcohol and drug abuse agencies. The NDATUS gathers information regarding the drug abuse and alcoholism services available in the 50 States, the District of Columbia, and Puerto Rico. The 8,689 alcoholism and drug abuse treatment and prevention facilities that voluntarily participated in the October 1987 NDATUS are listed in this Directory.

This document is designed to provide an important resource for those seeking referral information about treatment, prevention, and other services in alcoholism and drug abuse facilities. It is further hoped that the publication of this Directory will stimulate further communication and cooperation within the alcoholism and drug abuse treatment and prevention communities.

The NIAAA and NIDA are very grateful to all those who participated in the 1987 survey.

</table>
INTRODUCTION

The National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs is a compilation of approximately 8,689 Federal, State, local, and private facilities responsible for the provision of alcoholism and drug abuse treatment and prevention services throughout the United States and Puerto Rico. The information included in this Directory was extracted from the 1987 National Drug and Alcoholism Treatment Unit Survey (NDATUS). Through this survey, conducted by the National Institute on Alcohol Abuse and Alcoholism (NIAAA) and the National Institute on Drug Abuse (NIDA), in conjunction with the States, information was collected on alcoholism and drug abuse services available and clients in treatment as of October 30, 1987.

The Directory has been prepared to serve as a resource for program managers, treatment personnel, researchers, the NIDA Hotline, and others interested in the location of alcoholism and drug abuse facilities. The Directory includes treatment, prevention, and other non-treatment service facilities such as educational facilities. All facilities, both public and private, that reported to the 1987 NDATUS are included in this Directory. In a departure from previous surveys, administrative level reporting was allowed in the 1987 NDATUS at the discretion of each State. For example, if a program administered several clinics/units, data reported could be aggregated at the program or administrative level rather than reporting at each individual clinic unit level. Entries in this Directory will be based on the reporting level chosen by each State.

This publication consists of listings of the State authorities and the State prevention contacts, a listing of the alcoholism and drug abuse facilities, and the Veterans Administration medical centers. In the listing of State authorities, where States have separate alcoholism and drug abuse authorities, the alcoholism authority is listed first. Within each State, the facilities are alphabetized by city and then by facility name within city. Each facility listing consists of the facility name, address, telephone number, and types of services. The types of services available are designated by coded entries on the last line for each facility. These codes are defined in a key which is printed at the bottom of the first page for each State. The Veterans Administration medical centers are included within their respective State and city listings.

A limited number of single copies of these Directories are available from the National Clearinghouse for Alcohol and Drug Abuse Information (NCADI), 6000 Executive Boulevard, Post Office Box 2345, Rockville, Maryland 20852. Additional copies may be acquired through the Superintendent of Documents, U.S. Government Printing Office, North Capitol Street, Washington, D.C. 20402.

Treatment, prevention, or other service facilities not listed in this Directory can be included in future surveys and directories by completing the information on the last page of this Directory and returning it to the address shown.
KEY

A coding line is shown for each unit listed in the Directory. This code line will enable users to determine at a glance, the Orientation, Unit's Function, Environment or Type of Care, and Selected Special Program information at each unit. The coding key is reproduced at the bottom of the first page for each State, as follows:

**KEY**

Orientation:

A = Alcoholism Services only
D = Drug Abuse Services Only,
AD = Both Alcoholism and Drug Services

Environment/Type of Care:

I = Hospital/Inpatient
R = Residential
O = Outpatient

Selected Special Programs:

W = Women         AI = Amer. Indian/Al. Natives DT = Detoxification
Y = Youth         IH = Impaired Health Prof.   EA = EAP Program Services
E = Elderly       PI = Public Inebriates       DW = DWI/ASAP Services
B = Blacks        CU = Cocaine Users
H = Hispanics     IV = IV Drug Users

Unit Function:

TX = Treatment Unit
CI = Central Intake Unit
PV = Prevention Unit
MM = Methadone Maintenance
OT = Other Unit

NOTE: The absence of a number in the coding line indicates that the unit checked "Other" or "Not Applicable," which were options on the form, but are not included on the key, except for the Other under Unit Function. Units that provide only prevention or other services were not requested to report Environment or Type of Care.
